Standard Equipment

Display Movement
+/-90° screen panning and rotation for workflow, patient interaction, and visibility during travel

Display Ergonomic Adjustment
Independently adjust monitor height without tools for optimal ergonomic positioning: 6.5" (16.5 cm) height and +/- 15° tilt range

Worklight
Makes working at night time easier. Choose placement under your screen or above your keyboard.

LCD Cable Management
Conceal monitor and accessory cables inside the LCD post to keep them organized and clean

Work Surface
Infection-control friendly work surface
Dimensions 20" x 22" (50.8 cm x 55.8 cm)

Mouse & Keyboard Cable Management
Infection control-friendly, snug fitting

Steering Handles
Steer your cart with ease with comfortably located handles at the front of the work surface

Mouse Tray
Slideout surface for mouse tray (left and right side)

Manual Lift
Go from sitting to standing in seconds with our heavy-duty pneumatic lift: 15" (38 cm) worktop height adjustment range

Cord Holder
Neatly store your power supply cord on the side of the cart

Power Supply Holder
Securely strap in your device's power supply under the worksurface on left or right side

Accessory Rails
Integrated rails on both sides of the column to easily mount your storage accessories

Legroom
U-Shape base saves your shins while traveling and gives users enough legroom while sitting

Effortless Rolling
5" (12.7 cm) casters make travel effortless, including locking casters to stop movement

Save on Shipping
Ships with minimal assembly requirements, optimized to save you money on shipping
