

Vertical Bed Bumpers

General Specifications

The Amico Vertical Bed Bumpers shall be manufactured by Amico Corporation, in accordance with job specific shop drawings. The following is a general specification, and components listed may not be present or required in final product.

Materials and Construction

The Amico Vertical Bed Bumpers shall be constructed of a vinyl cover with PETG and they are offered in three standard colors: Caramel, Biscotti and Monterey. Amico Vertical Bed Bumpers are also available in custom colors at an additional cost.

Amico's Vertical Bed Bumpers protrude 2" (5.08 cm) from the wall and are 4" (10.16 cm) wide.

Each Vertical Bed Bumper system shall offer protection to a wall or Headwall System against bed impact. The Amico Horizontal Bed Bumpers feature an angled design for ease of cleaning, have excellent resistance to chemicals and stains, and are fire retardant. Amico Corporation warrants its Architectural Products to be free from material defects and workmanship for a period of ten (10) years from the date of shipment.

Installation

Mounting is the responsibility of the installing contractor. This includes receiving, storage, erection, clean up, touch up and carton disposal. The contractor shall supply all necessary installation materials, including such items as tools, fasteners and caulking.

Standard Colors

Caramel

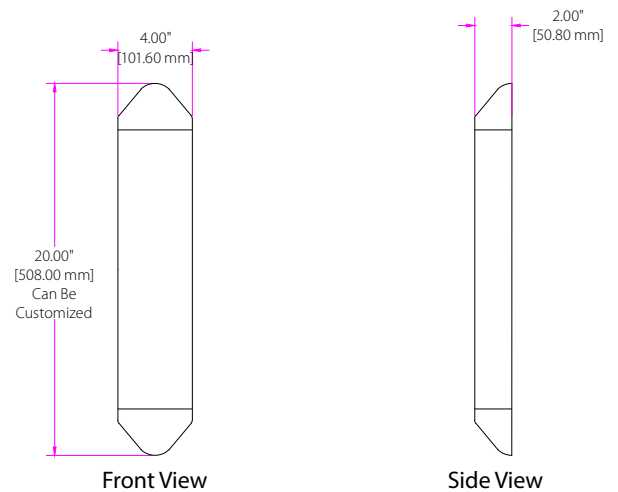

Biscotti

Monterey

Please select your color choice.

Custom colors are available at an additional cost.

Submittals and Verifications

Job specific shop drawings shall be produced for each project. These shop drawings will clearly indicate the area of the Horizontal Bed Bumper System. As-Built drawings will be produced and emailed at the time of shipment.

Amico Corporation will manufacture equipment as per signed approval drawings and verification documents, which are provided in the job specific submittal package.
