

Zone Indicator Display

General Specifications:

The Zone Indicator Display shall be an Amico Alert-1 series.

The display shall be with dual scale psi and kPa for pressure, and Hg and kPa for Vacuum.

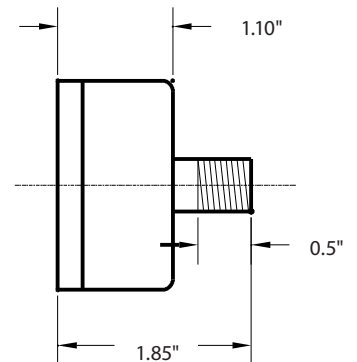

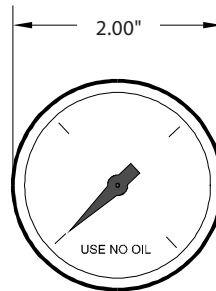

The display shall indicate the status, RED for alarm condition and GREEN for normal condition.

Amico products comply with NFPA 99 and CSA Z7396.1.

Features:

- Size:** 2"
- Accuracy:** +/- 1.5% of full scale
ASME B40.1 Grade B
- Range:** 0 - 30" Vac [-100 - 0 kPa]
0 - 100 psi [0 - 700 kPa]
0 - 300 psi [0 - 2000 kPa]
- Temperature:** Ambient: -13 °F to 140 °F
Media: Max. 140 °F
- Connection:** 1/8" Male NPT Center Back
- Bourdon Tube:** Copper alloy
- Movement:** Copper alloy
- Dial:** White plastic with stop pin
- Pointer:** Black aluminum
- Case:** Black steel
- Window:** Snap-in acrylic

Cleanded for oxygen service

Model Numbers

- Vacuum (0-30" Hg) : **V-X-GAUGE-VAC**
- Gas (0-100 psi) : **V-X-GAUGE-100**
- Nitrogen (0-300 psi) : **V-X-GAUGE-300**
