# Skyline Series

## Overbed LED Light

Inspired by the aerodynamic shape of an airplane wing, the Amico **Skyline Series Overbed LED Light** offers a sleek and elegant design that meets the needs of both the patient and caregiver. When placed on the headwall above the patient bed, the Skyline overbed light delivers high level illumination and light distribution to allow caregivers to perform thorough examinations with ease while additional reading and ambient functions improve patient comfort and well-being.

## Multifunction 2 x 4 LED Light

The **Solar Series Multifunction 2 x 4 LED Light** offers a traditional patient room lighting design in this multi-compartment ceiling fixture. The standard functions include Reading, Ambient, and Exam lighting with the option to add a Chart and Night light. A basket section provides general ambient lighting while the parabolic louvered lens provides direct and controlled exam lighting to support caregivers. Glare free lenses and reflectors cover all of the lighting functions and ensure patient comfort while maximizing clinical efficiencies.

# Lunar **LED** Night Light

Blue

Amber

White 2700K

White 3000K

White 3500K

The **Lunar LED Night Lights** bring a soft, low level of illumination to the hospital room. This Night Light allows the clinical staff and patients to navigate safely through dark rooms. The unique faceplate has minimal protrusion from the wall and provides even light distribution. For ultimate convenience, the Lunar Night Light is available with optional photocell technology.

# Louvered **LED** Night Light

Amico's **Louvered LED Night Light** provides subtle lighting that is perfect for any healthcare environment.

Its energy-efficient LED lasts for 50,000 hours. The Louvered Series Night Lights are available in 2700K, 3000K, and 3500K soft white, amber, and blue colors.

## Specifications

<b>Voltage:</b>	120 - 277 Volts	<b>Housing:</b>	Die-cast aluminum. Powder coated finish with 5-stage pre-treatment. Antimicrobial finish.
<b>Light Output:</b>	33.4 lm	<b>Lens:</b>	Frosted diffuser for a general light distribution. High impact-resistant, injection molded polycarbonate.
<b>Wattage:</b>	3.3 W	<b>Photo Control Options:</b>	Light sensor shall turn ON the LED light source when ambient light levels fall below 5fc ± 2fc and turn OFF when light levels are above 15fc ± 5fc. Performance may vary depending on location of ambient light sources, windows, room finishes and surrounding objects.
<b>Color Temperature:</b>	Blue, Amber, White: 2700K White: 3000K, White: 3500K	<b>Installation:</b>	Standard installation requires the back plate to be mounted to a NEMA, single-gang junction box (supplied by others).
<b>Life of LEDs:</b>	L70 50,000 hours	<b>Drivers:</b>	High power factor constant current, 0.97 pf @ 120 V (Class 2, Class II)
<b>Warranty:</b>	Limited five (5) year warranty	<b>Finish:</b>	Lunar Series: Matte White and Silver Aluminum. Louvered Series: Stainless steel and Matte white.

# LightMaster

---

## Multifunction Keypad

Whether it be a single fixture or multiple fixtures, the **LightMaster Multifunction Keypad** makes it easy for patients and clinicians to control the various fixture types required in the patient room. The intuitive keypad is entirely customizable and features backlit controls and LED indicators for ease of use. Our low-voltage device features a mylar overlay for ultimate infection control and fits conveniently in a single gang space.

### Full Communication Between Keypads

Lights Controlled at Patient Room Door

Lights Controlled at Headwall

Integrates with Nurse Call System and Pillow Speaker

## Specifications

<b>Input Voltage:</b>	120 - 277 Volts, 50/60Hz
<b>Output Voltage:</b>	120 - 277 Volts, 50/60Hz
<b>Maximum Load:</b>	2.5 amps Resistive, 1.8 amps Ballast at 120 Volts, 0.975 amps Resistive, 1.0 amp Ballast at 277 Volts
<b>Low Voltage Circuit:</b>	5VDC, 200 mA
<b>Operating Temperature:</b>	32°F - 176°F / 0°C - 80°C
<b>Master Control Dimensions:</b>	7" (L) x 2" (W) x 1.1" (H)
<b>Power Supply Dimensions:</b>	5.6" (L) x 1.6" (W) x 1.3" (H)
<b>Keypad Dimensions:</b>	One (1) Gang
<b>Warranty:</b>	Limited five (5) year warranty

### Key Features of the Master Controller:

- Capable of individual control of up to five (5) circuit loads
- Universal input voltage of 120 – 277 Volts
- Terminal blocks allow for ease of connection
- Compact design fits inside most light fixtures
- 0 - 10 dimming capability when used with dimming drivers/ballasts
- Available with secondary power control unit

### Key Features of the Keypad:

- Controls up to five (5) light functions in the patient room
- Backlit icons identify which light function is in use
- With optional dimming, the indicator allows you to set the light at the desired level
- Keypads are low voltage for patient safety
- Compact design fits into a single gang opening
- Mylar overlay for ease of cleaning and infection control
- Compatible with all manufactured nurse call products

# Solar Series

## Surgical Luminaire LED Light

The **Solar Series Surgical Luminaire LED Light** is designed to be used as perimeter lighting in the Operating Room. These specialized luminaires provide supplementary illumination that allows clinicians to perform their tasks with a great deal of precision and accuracy. The Solar Surgical Luminaire offers high-level illumination and a color rendering index of 80 to 90+ to meet all the demands required in a surgical suite. The Symmetrical / Asymmetrical lens used is designed to reduce shadowing and glare. Optional Green LEDs can be used to optimize visibility by reducing glare and reflection on the monitor and minimizing eye strain for surgeons during long procedures.

### Other Configurations

1 x 4

2 x 2

2 x 4

Optional Green LED

## Specifications

<b>Voltage:</b>	120 - 277 Volts (contact factory for 347 Volts)	<b>Housing:</b>	20 Gauge CRS. One piece, seam-welded construction.
<b>Dimming:</b>	0 - 10 Volts and DALI options available	<b>Lens:</b>	IP65 rated fully enclosed CRS cover with asymmetrical/ symmetrical acrylic lens. Optional RFI grid available.
<b>Color Quality:</b>	80 CRI, 90 CRI	<b>Finish:</b>	White urethane powder coat finish – 5 step treatment; hospital grade finishes and materials.
<b>Color Temperature:</b>	3000K, 3500K, 4000K	<b>Light Source:</b>	Samsung LEDs mounted on Aluminum Core PCB.
<b>Life of LEDs:</b>	L70 50,000 hours	<b>Optics:</b>	Symmetric/asymmetric reflectors diffused for glare free operation.
<b>Size Options:</b>	1' x 4' x 4" / 2' x 2' x 4" / 2' x 4' x 4" fits into a standard ceiling grid layout	<b>Drivers:</b>	High power factor constant current, 0.97 pf @ 120 V (Class 2, Class II).
<b>Warranty:</b>	Limited five (5) year warranty		

# Solar Series Cleanroom

## Cleanroom 2 x 4 LED Light

The **Solar Series Cleanroom LED Light (CLS)** by Amico is a recessed IC-rated IP65 luminaire suitable for ISO Class 3 grid or flanged cleanroom applications. This wet location luminaire features an inset or overlapping door with a triple gasket for a reliable seal. Available with NSF/ANSI 2 for Food Zone, Splash Zone and Non-Food Zone Applications.

The Solar Series Cleanroom fixtures are available in 2 x 4, 2 x 2, and 1 x 4 models.

### Other Configurations

## Specifications

<b>Voltage:</b>	120 - 277 Volts	<b>Housing:</b>	Precision formed, TIG welded, 20 gauge cold rolled steel housing with no visible, external hardware. Other options available. Finish: White, polyester powder painted housing.
<b>Wattage:</b>	Option 1: 45W Option 2: 59W Option 3: 80W Option 4: 99W Option 5: 143W Option 6: 198W	<b>Finish:</b>	White, polyester powder painted housing.
<b>Light Output:</b>	Option 1: 5,500 lm Option 2: 7,000 lm Option 3: 10,000 lm Option 4: 12,000 lm Option 5: 18,000 lm Option 6: 24,000 lm	<b>Lens:</b>	Symmetric optics includes diffused impact resistant acrylic lens. Lens sealed to doorframe with continuous retention system and supported with stainless steel aircraft cables.
<b>Dimming:</b>	0-10 Volts; DALI options available	<b>Mounting:</b>	Flange installation is supported by swing style mounting brackets. Grid installation suitable for 1" and 1.5" T-bar ceilings. Additional T-Bar support options available.
<b>Color Quality:</b>	80 CRI, 90 CRI	<b>Ingress Barrier:</b>	One piece door frame, fabricated from 18 gauge, cold rolled steel with TIG welded corners. It is retained by stainless steel aircraft cables. Flat head, stainless steel, captive fasteners with integral silicone O-rings easily secure door frame to housing. Gasket seals door frame to housing.
<b>Color Temperature:</b>	3500K, 4000K, 5000K (contact factory for optional red LED array)	<b>Listings:</b>	UL listed for insulated ceilings, wet locations. Suitable for 2500psi pressure spray down. All electrical components are CSA or UL approved.
<b>Life of LEDs:</b>	L80>50,000 hours		
<b>Warranty:</b>	Limited five (5) year warranty		

# Motorized Exam Lighting

## Nova Motorized LED Exam Light

The **Nova LED Motorized Light** is a fully recessed exam light and can be used in various settings throughout the hospital environment. This fixture provides a safe alternative to ceiling-mounted exam lighting and offers a convenient solution in low-ceiling areas. Its precisely positioned LEDs and 360 degrees of rotation allow for increased illumination and superior shadow control to support caregivers with advanced visual acuity. The Nova can be installed in multiple configurations within the room to maximize light output and enhance clinical efficiencies. This versatile fixture is ideal for Labor & Delivery, Patient Rooms, Intensive Care Units, Emergency Departments, and many more.

### Nova Wall Control Keypad

Our innovative backlit wall control keypad offers precise and convenient control of light intensity and direction. Control up to two fixtures on one keypad with easy-to-use tactile buttons and customizable dimming. The wall control keypad is designed with a Mylar cover for ease of cleaning and infection control.

## Specifications

<b>Voltage:</b>	120 Volts	<b>Life of LEDs:</b>	L70 50,000 hours
<b>Wattage:</b>	65W	<b>Warranty:</b>	Limited five (5) year warranty
<b>Light Output:</b>	Refer to Ceiling Chart below	<b>Housing:</b>	20GA cold rolled steel enclosure
<b>Angle of Illumination:</b>	38 Degrees	<b>Finish:</b>	Matte black paint finish – 5 step treatment; hospital grade material and finish
<b>Beam Angle:</b>	D10 - 9.1°	<b>Listings:</b>	Conforms to: AAMI STD ES60601-1, IEC STD 60601-1-6, IEC STD 60601-2-41 Certified to: CSA STD C22.2 No.60601-1
<b>Color Quality:</b>	95+ CRI		
<b>Ingress Protection:</b>	IP65		
<b>Color Temperature:</b>	3000K, 3500K, 4000K, 4500K		
<b>Dimming:</b>	1%

All outputs are from a single Nova

# Exam and Procedure Lighting

## Mira 50, 65 & 90 LED Light

Optional Wall Control Keypad\*

The **Mira Series LED Light** offers the latest advancements in minor procedure and examination lighting. Its 36 precisely positioned LEDs provide superior shadow control, depth of field, and light intensity to provide caregivers with advanced visual acuity. Clinicians can easily customize light intensity with five levels of dimming and an endo mode conveniently located on the light head for easy access. The Mira's removable handle is ergonomically positioned off to the side to maximize the light field and can be rotated to electronically focus the light beam to a concentrated 6" for more targeted surgical procedures. Our Mira Series LED Exam lights come in 50,000, 65,000 and 90,000 Lux options and offer a CRI of 95+ for advanced color accuracy.

### Configurations

\*The Wall Control Keypad is compatible with single ceiling mount and wall mount options.

# Exam and Procedure Lighting

## Vega 80 LED Light

The **Vega 80 LED Light** offers a powerful and compact procedure examination light that can be used in various applications throughout the hospital environment. Small workplaces are no challenge for the Vega 80 which offers a small environmental footprint and flexible mounting options for ultimate convenience. Its 18 precisely positioned LEDs provide 80,000 lux of high-quality illumination to support caregivers with advanced visual acuity, while a color temperature of 4500K and 95+ CRI allows for greater precision and color accuracy. Clinicians can easily customize light intensity with five levels of dimming and an endo mode functionality located on the light head for easy access

# Task Lighting and Magnifier

## Clarity 30 LED Light

The **Clarity 30 LED** is a cost-effective solution for any patient room task lighting needs. With a 7" diameter light field and illumination intensity up to 30,000 lux, the Clarity 30 is perfect for everyday use. The articulating arm and variable dimming functions allow for easy positioning and maneuverability.

## Magna 51 LED Magnifier

The **Magna 51 Illuminated Magnifier** was designed to make highly demanding visual tasks easier. Premium LEDs illuminate the viewing area through a wide-angle, distortion-free lens. Easily customize light intensity with 10%-100% dimming capabilities on our easy to operate touch panel, conveniently located on the luminaire head. The Magna 51's balanced arm technology and independent swivel joints allow for easy adjustment and precise positioning of the magnifier. A color rendering index of 90 makes it easy for clinicians to differentiate between tissues during general examinations.

# Exam Lighting

## Gamma 50 LED Light

Small but mighty, the **Gamma 50 LED** can be used in various settings throughout the hospital and is most suitable for minor examinations. Its compact and innovative design allows for maximum light output without sacrificing functionality. The maintenance-free LED's provide 50,000 Lux of light, a CRI of 95+, and a color temperature of 4500K for exceptional color accuracy. A capacitive touch keypad is located on the back of the light for ultimate convenience.

## Gamma 60 LED Light

Powerful LED's provide 60,000 Lux in this innovative exam light. The **Gamma 60 LED** is maintenance free and suitable for any type of exam room. The light comes with four dimming levels, two color shades, an antimicrobial finish and a 360° rotary lighthead. The Gamma 60 LED can be ceiling mounted, rail mounted or on a roll stand to meet all your room requirements.
