

Description:

The Lunar Series LED Night Lights bring a soft, low level of illumination to any healthcare environment. Night Lights allow clinical staff to navigate through a dark room without disturbing patients. The Lunar Series Night Lights are available in 2700K, 3000K, 3500K, and 4000K soft white as well as in amber and blue colors. Our unique faceplate design is not only aesthetically pleasing, it also has minimal protrusion from the wall and provides even light distribution.

Features:

- Hospital grade material and antimicrobial finish
- White, amber, and blue LED options
- Even light distribution
- Long lasting LEDs

Construction Material:

Housing: Stainless steel louvered cover. Hospital grade material and finish on all exposed components of installed luminaire.

Lens: Frosted diffuser for a general light distribution. UV-stabilized, high impact-resistant, injection molded polycarbonate.

Installation: Standard installation requires the back plate to be mounted to a NEMA, single-gang junction box (supplied by others).

Specifications:

Voltage: 120 - 277 Volts

Light Output: 46 lm

Wattage: 3.5 W

Color Temperature: White 2700K, White 3000K, White 3500K, White 4000K, Amber, Blue

Life of LEDs: L70 50,000 hours

Warranty: Limited five (5) year warranty

Listings: Certified to UL standards by ETL. Conforms to CSA standards as per ETL testing
